Welcome to

UT Southwestern Medical Center.

As one of the country's leading academic medical centers, our mission is to provide exceptional patient care, conduct groundbreaking biomedical research, and educate the next generation of health care providers.

We closely integrate each of those functions to ensure your good health and that of future generations.

Here, innovation drives us and compassion guides us, as we deliver the future of medicine, today.

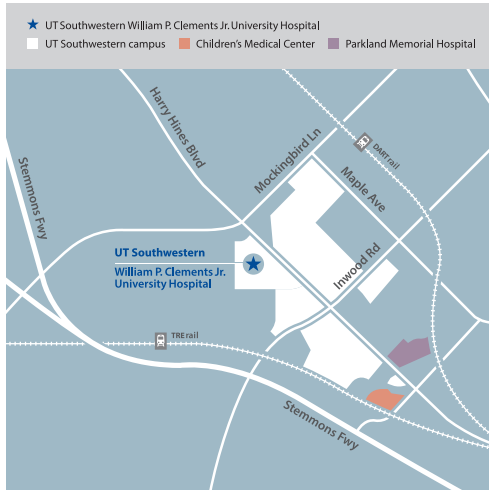

A handwritten signature in white ink, appearing to read "DK Podolsky". The signature is fluid and cursive, with the first letters of the first and last names being capitalized and prominent.

Daniel K. Podolsky, M.D.

President of UT Southwestern Medical Center

Getting here

UT Southwestern Medical Center is located in the Southwestern Medical District, off I-35E (Stemmons Freeway) just northwest of downtown Dallas.

Blue directional signs are installed throughout Southwestern Medical District to help our patients and visitors navigate throughout the Medical Center.

Hear automated directions to the campus at 214-648-6264 or visit utswmed.org for maps to specific clinics.

Parking

There are a number of parking options available throughout our campus. Please consult our map (back cover or online at utswmed.org/maps) to choose the location nearest your appointment.

Valet

Valet parking is available for a \$10 flat rate, with valet stands in front of all hospitals and clinic buildings for your convenience. Visitors who valet-park and then drive to another facility on our campus the same day may valet-park at the second location for free by presenting their first valet receipt.

Self-park

There are several surface lots and garages throughout the campus, with rates ranging from free to \$5. Rates for Medical District self-parking areas (including Parkland and Children's) will not exceed \$6.

Credit and debit cards, as well as cash, are accepted for all parking options.

Public transportation

Rail

UT Southwestern Medical Center has two DART rail stops: Southwestern Medical District/Parkland on the Green and Orange lines and Medical/Market Center on the Blue Line and TRE Line.

Bus

Several DART bus stops serve the campus along Harry Hines Boulevard at Lofland Street and Record Crossing Road, and on Forest Park Road between Inwood Road and Mockingbird Lane. Bus routes that serve the campus include: 27, 29, 49, 404, 405, 408, 409, 453, 525 (M-F), and 544. Visit dart.org to plan your trip.

Campus shuttle

UT Southwestern operates a free internal shuttle bus system that has several routes around campus. These shuttles stop at rail stations and at our hospitals and clinic buildings. You can get shuttle routes and more information online at utswmed.org/shuttles or by calling 214-648-6264.

CAMPUS AMENITIES

UT Southwestern offers many services to enhance your visit. For a complete list and details, visit utswmed.org and click on “Patient Resources” or ask the Guest Services representative in your building.

Dining

There are dining and snack options in or adjacent to each clinic building, offering an assortment of choices during normal business hours.

Additionally, both hospitals have on-site cafeterias that feature a varied menu that changes daily. Options include salads, grill items, sandwiches, soups, and blue-plate specials.

Internet access

Complimentary wireless networks are available throughout the campus. From your laptop, tablet, or smartphone, choose the “Guest” network and enter your personal email address. No password is needed.

Gift shops

UT Southwestern Medical Center operates gift shops at both of our hospitals. Gift items, jewelry, magazines, greeting cards, candy, toiletries, stationery, and flowers are for sale at both locations.

On-site pharmacies

For your convenience, there are University Hospital retail pharmacies on our Dallas campus in the Aston building and in Clements University Hospital, as well as in the UT Southwestern Monty and Tex Moncrief Medical Center at Fort Worth.

Also on the Dallas Campus, Walgreens is located on the first floor of Professional Office Building 1.

University Hospital Outpatient Clinics

University Hospital Outpatient Clinics are multidisciplinary and managed through UT Southwestern University Hospital. In these hospital clinics, there are two components to the charges of your visit: 1) professional charges for your physician or provider, and 2) facility and technical charges. Most insurance plans will apply both of these charges against your hospital benefit plan. Because of this, you may have a greater out-of-pocket responsibility.

OUTPATIENT BUILDING

FINANCIAL INFORMATION

We understand that health care billing and insurance can be complex. With this in mind, most of our clinics have financial specialists on staff who can answer questions and provide estimates.

In addition, answers to frequently asked questions can be found on our patient website at utswmed.org under the Patients Resources section. Just click on the “Billing and Insurance” link.

[Here are a few key points:](#)

Insurance plans

UT Southwestern Medical Center accepts most major medical insurance plans. Please contact the clinical practice or hospital where you are being seen to verify that we accept your plan.

Copays and deductibles

It's our policy to collect your copay, co-insurance, and any known deductibles at your appointment.

Please note that our University Hospital clinics (see list, pages 9 and 10) and all of our laboratory and imaging services are hospital outpatient services managed through UT Southwestern University Hospital.

There are two separate charges for visits in hospital outpatient clinics: 1) professional charges for your physician or provider, and 2) facility and technical charges. Most insurance plans will apply both of these charges against your hospital benefit plan. Because of this, you may have a greater out-of-pocket responsibility.

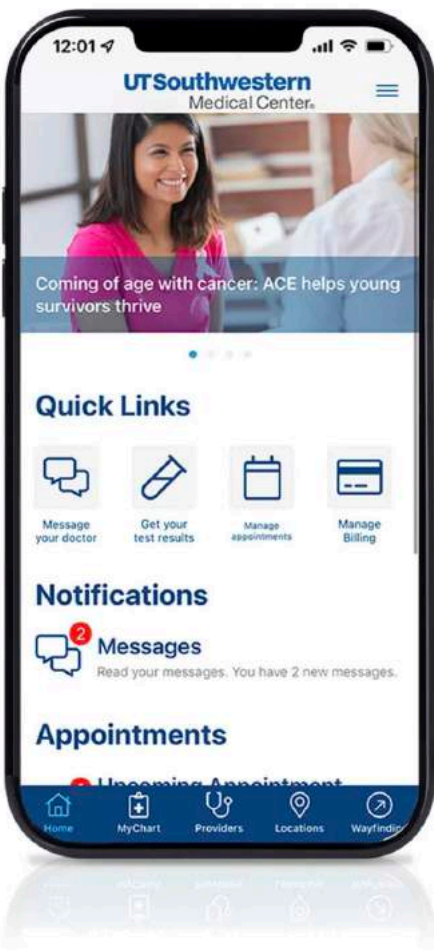

UTSWMyCare

UTSWMyCare, our streamlined, one-app solution delivers an exceptional experience. It helps patients easily manage their health and stay connected with their provider, all with a sense of security throughout their health care journey. The UTSWMyCare app provides access to medical records, lab results, messaging, prescription refills, scheduling, video visits, and wayfinding.

A few features are true differentiators from other health system apps. For a video visit, just log into the UTSWMyCare app and have everything from the check-in, visit with your provider, and follow-up scheduling all in one place. When a visit to our main campus is essential, UTSWMyCare has a navigation feature that will give turn-by-turn visual and audio directions from the parking garage to the front desk at your doctor's office.

For those who prefer a ride-sharing service, our patients can access Uber and Lyft from within UTSWMyCare and request a ride to any of our locations. In short, UTSWMyCare offers a simple and convenient digital experience for our patients.

[Download UTSWMyCare mobile app](#)

HELPFUL TIPS

- Arrive about 20 minutes early to your appointment. This allows time for you to check in, fill out forms and update your records, and ensure we have all your pertinent information.
- Bring your driver's license or other photo ID and your insurance card to every visit.
- Bring a detailed list of your current medications, including dosage (e.g., 100 mg tablets), to your initial visit, and remember to update this list with us whenever there are changes.
- Bring your debit/credit card or a personal check for your copay and any applicable deductibles. Most of our clinics do not accept cash.
- If you need to reschedule your appointment, please call the clinic at least two days in advance so that we can offer your appointment time to someone on the waiting list.
- Be an active participant in your health care. Ask questions of your doctor and provider team and talk to clinic staff if you have concerns about anything.
